

# Virtual Publishing House Project

## Research Tasks

- ☐ Research "Big Five" publishing house organizational structures
- ☐ Identify all key positions within a major publishing house
- ☐ Document responsibilities and duties for each position
- ☐ Determine digital resources needed for each role
- ☐ Map the complete publishing workflow from submission to publication

## Documentation Tasks

- ☐ Create comprehensive position descriptions
- ☐ Document the submission-to-publication workflow
- ☐ Outline AI agent requirements for each position
- ☐ Compile digital resource requirements
- ☐ Create implementation framework for virtual publishing house

## Deliverables

- ☐ Complete organizational chart of publishing house positions
- ☐ Detailed role descriptions with responsibilities
- ☐ Digital resource requirements per position
- ☐ Virtual publishing house workflow documentation
- ☐ Implementation recommendations for AI agent system
